

EFREET

Meaning: EFREET: A powerful and often malevolent supernatural being from Arabian mythology, typically associated with fire and capable of granting wishes with unpredictable consequences.

1. The ancient tales spoke of an efreet that granted wishes with a cunning twist.
2. In the depths of the enchanted desert, the efreet awaited a brave soul to summon him.
3. Legends warned that the efreet could bring both fortune and misfortune to those who dared to bargain with him.
4. With a flick of his wrist, the efreet conjured a tempest of fire that danced in the night sky.
5. Many adventurers sought the efreet's power, but few could handle the consequences of their desires.
