

EGOIST

Meaning: Egoist: a person who is primarily concerned with their own interests and well-being, often at the expense of others.

1. An egoist often prioritizes their own needs over those of others, leading to strained relationships.
2. In discussions about ethics, the philosopher argued that being an egoist can limit one's understanding of community values.
3. Her egoist tendencies made it challenging for her to empathize with her friends during difficult times.
4. While some view egoism as a flaw, others argue that a degree of self-interest is necessary for personal growth.
5. The novel's protagonist was a classic egoist, driven by ambition and a relentless pursuit of success.
