

EGOTHEISM

Meaning: Egotheism is the belief or practice of prioritizing one's own interests and needs over those of others, often at the expense of communal values.

1. Egotheism can often lead individuals to prioritize their own needs above those of others.
2. In a society increasingly focused on egotheism, community values are sometimes overlooked.
3. The philosopher argued that egotheism undermines genuine relationships and collective well-being.
4. Her egotheism made it difficult for her to empathize with the struggles of her friends.
5. Many believe that egotheism is a significant factor in the rise of social isolation today.
