

ELECTION

Meaning: Election: a formal process by which individuals vote to choose candidates for public office or decide on policy issues.

1. The election was marked by a high voter turnout, reflecting the community's engagement.
2. Candidates spent months campaigning, hoping to sway undecided voters before the election day.
3. Many people believe that the integrity of the election process is crucial for a healthy democracy.
4. As the election approached, debates intensified, showcasing the differing visions for the future.
5. Election results were announced late in the evening, leaving many citizens eager for the outcome.
