

EMBRUTE

Meaning: To embruise means to make someone brutal or less humane, often through exposure to violence or harsh conditions.

1. The constant exposure to violence in the media can embruise even the most compassionate individuals.
2. In an effort to win the fight, he allowed the pressures of competition to embruise his once gentle nature.
3. Teachers worry that harsh disciplinary methods might embruise children rather than help them learn self-discipline.
4. The harsh conditions of the prison system can embruise inmates, causing them to lose their sense of humanity.
5. She feared that the relentless negativity around her could embruise her kindness and empathy.
