

EMPIERCE

Meaning: Empierce: to penetrate or pierce deeply, often in a metaphorical sense, causing a strong emotional or sensory impact.

1. The sharp arrow seemed to empierce the silence of the forest as it flew through the air.
2. In a moment of passion, he felt her words empierce his heart like a dagger.
3. The knight vowed to empierce his enemy's armor with a single, powerful thrust.
4. As she spoke, her gaze appeared to empierce through the veil of pretense surrounding the room.
5. The artist's brush would empierce the canvas with vibrant colors that captured the essence of life.
