

ENCRISPED

Meaning: ENCRISPED: (adjective) made crisp or brittle, often referring to leaves or hair that have become dry and crunchy, typically due to environmental conditions.

1. The autumn leaves encrisped underfoot as we walked through the park.
2. Her hair was encrisped by the morning frost, giving it a shimmering appearance.
3. The freshly baked bread had an encrisped crust that crackled with every slice.
4. As the sun set, the air became encrisped, hinting at the chill of approaching winter.
5. He admired the encrisped edges of the old parchment, which added to its charm.
