

ENUNCIABLE

Meaning: Enunciable refers to something that can be expressed or articulated clearly and effectively.

1. The concept of beauty is often more enunciable through art than through words.
2. In discussions of philosophy, some ideas are difficult to articulate, yet they remain enunciable with effort.
3. Her emotions were so intense that they felt almost enunciable, yet she struggled to find the right words.
4. The lawyer's argument was clear and well-structured, making his points easily enunciable to the jury.
5. Although the theory was complex, the key principles were enunciable in simple terms for the audience.
