

EPISODIAL

Meaning: Episodial refers to a narrative structure composed of distinct episodes or segments, each contributing to the overall story while allowing for individual development.

1. The series had an episodial structure that allowed for each character's backstory to unfold gradually.
2. Her writing style was episodial, with each chapter serving as a standalone story.
3. The episodial nature of the documentary made it easy to binge-watch in one sitting.
4. In an episodial format, the plot twists were revealed one piece at a time, keeping viewers engaged.
5. The author's choice to adopt an episodial approach gave the narrative a unique rhythm and flow.
