

ERUPTIVE

Meaning: Eruptive: characterized by sudden and intense outbursts or explosions, whether in a geological context, such as a volcano, or in a more figurative sense, such as laughter or emotions.

1. The eruptive nature of the volcano was evident as it spewed ash and lava into the sky.
2. His eruptive laughter filled the room, instantly lightening the mood.
3. The scientist studied the eruptive behavior of the geyser to predict its next eruption.
4. Eruptive emotions can sometimes lead to spontaneous and unfiltered reactions.
5. The artist's eruptive style is characterized by bold colors and dynamic brushstrokes.
