

# ESTOVERS

*Meaning: Estovers are the rights or provisions for gathering necessary materials, such as fodder or firewood, from a property, typically for the sustenance of livestock or household needs.*

1. The farmer set aside a portion of the harvest as estovers for his livestock during the winter months.
2. In many ancient land leases, the right to gather estovers was a common privilege granted to tenants.
3. She carefully calculated the estovers needed to sustain her family's needs throughout the cold season.
4. The estate included provisions for estovers, ensuring that the tenant could collect firewood from the surrounding forest.
5. Understanding the concept of estovers is crucial for anyone studying historical land use and tenant rights.
