

EVASIBLE

Meaning: Evasible: capable of being avoided or escaped, particularly in the context of responsibility or obligations.

1. The complexities of the legal system often make it difficult to determine what aspects are truly evasible.
2. In discussions about accountability, some argue that personal responsibility should not be evadable.
3. The contract contained several clauses that appeared evasible, leading to confusion among the parties involved.
4. When faced with difficult decisions, some people find their responsibilities to be evasible rather than confrontational.
5. His evasible answers during the interview raised suspicions about his honesty and integrity.
