

EXCLUSIVISM

Meaning: Exclusivism is the belief that only one particular group, ideology, or religion is valid or true, often leading to the rejection of others and creating divisions among different groups.

1. Exclusivism can create barriers between groups that might otherwise find common ground.
2. The philosophy of exclusivism often leads to the belief that one religion holds the only path to salvation.
3. Critics argue that exclusivism fosters intolerance and undermines social cohesion.
4. In discussions of cultural identity, exclusivism can manifest as a refusal to accept diverse perspectives.
5. The impact of exclusivism on community relations can be profound, often resulting in division and conflict.
