

EXECT

Meaning: The word 'execut' appears to be a misspelling of 'execute,' which means to carry out or put into effect a plan, order, or course of action.

1. The committee will execut the new policy starting next month.
2. She decided to execut the project on her own to ensure it met her standards.
3. The team worked hard to execut the plan before the deadline approached.
4. To execut the deal successfully, both parties must agree on the terms.
5. He was determined to execut his vision for the community garden.
