

EXICCATION

Meaning: Exiccation refers to the process of drying out or the state of being dried out, particularly in relation to soil or land.

1. The exiccation of the soil made it difficult for the plants to thrive.
2. After the exiccation process, the once-lush landscape appeared barren and desolate.
3. Scientists studied the effects of exiccation on various species of local flora.
4. The team was concerned about the exiccation of the river due to the prolonged drought.
5. To prevent exiccation, the farmers implemented a new irrigation system.
