

EXODUS

Meaning: Exodus: a mass departure of people from a place, often due to adverse conditions or seeking better circumstances.

1. The sudden exodus of residents left the town eerily quiet and abandoned.
2. In response to the political unrest, there was a mass exodus of citizens seeking safety in neighboring countries.
3. The book chronicles the exodus of a group of refugees fleeing war-torn regions in search of a better life.
4. As the deadline approached, an exodus of students from the university began, eager to start their summer breaks.
5. The historical exodus from the city during the pandemic reshaped its demographics significantly.
