EXPEDIENT

Meaning: Expedient: advantageous or practical, especially in a situation where a quick or efficient solution is needed, even if it may not be the most ethical or ideal choice.

1. The team decided that it was more expedient to change their strategy rather than continue with their current plan.

2. While the solution was not ideal, it was the most expedient option available given the time constraints.

3. In the face of adversity, he often chose the expedient path, prioritizing quick results over long-term consequences.

4. The council's decision to cut funding was expedient, but it left many vital programs under-resourced.

5. Sometimes, an expedient choice is necessary for immediate survival, even if it might not be the best in the long run.

6. The decision to cut corners was not ideal, but it was seen as the most expedient solution to the problem at hand.

7. In the face of a looming deadline, the team opted for the expedient approach rather than a more thorough method.

8. While it may be expedient to ignore the issue, addressing it now could prevent larger complications later.

9. The manager found it expedient to delegate tasks to ensure that the project was completed on time.

10. Although it was expedient to focus solely on profits, the company recognized the importance of ethical practices.
