

EXTRAJUDICIAL

Meaning: Extrajudicial refers to actions taken outside the legal system, particularly those that violate legal processes or rights, often involving unlawful killings or detentions.

1. The government faced criticism for its extrajudicial actions that undermined the rule of law.
2. Human rights organizations condemned the extrajudicial killings that had occurred in the conflict zone.
3. Extrajudicial measures can erode public trust in the judicial system and promote a culture of impunity.
4. In some countries, extrajudicial detentions are used to silence political dissent and stifle free speech.
5. The report highlighted the dangers of extrajudicial authority being exercised by security forces without oversight.
