

FAFFLE

Meaning: Faffle means to waste time or engage in aimless or trivial activities instead of being productive or focused.

1. He tends to faffle around instead of getting straight to the point during meetings.
2. After spending hours to faffle with the project, she finally decided to start over.
3. It's frustrating to watch him faffle with his tools when the job could be done in minutes.
4. Don't faffle too long on making your decision; time is running out.
5. Instead of faffling about, I suggest we create a clear plan and stick to it.
