

FAIR-WEATHER

Meaning: Fair-weather (adjective): describing someone who is only supportive or present during good times and not during difficulties or challenges.

1. She realized that her friend was a fair-weather companion, only showing up during the good times.
2. The team struggled to find loyal supporters, as many were fair-weather fans who disappeared after a losing streak.
3. He appreciated the honest advice from his colleagues, unlike the fair-weather opinions of those who only chimed in for praise.
4. During the sunny days of summer, the fair-weather sailors flocked to the bay, but vanished when storms approached.
5. Their relationship was rocky, often revealing that her partner was more of a fair-weather lover than a true partner in adversity.
