

FANATICIZE

Meaning: To fanaticize is to promote or encourage extreme or passionate views on a subject, often leading to polarization rather than constructive dialogue.

1. The journalist's article seemed intent to fanaticize the debate, pushing readers to take extreme positions.
2. Some critics argue that social media tends to fanaticize opinions rather than promote healthy discussions.
3. In his speech, he tried to fanaticize the audience about the importance of environmental conservation.
4. The documentary aimed to fanaticize the story of the underdog sports team, inspiring loyalty among fans.
5. Film adaptations often have a tendency to fanaticize historical events, altering them for dramatic effect.
