

FANGLESS

Meaning: FANGLESS: lacking fangs; referring to a creature, especially a snake, that does not have the sharp, pointed teeth typically used for biting or injecting venom.

1. The fangless snake slithered quietly through the grass, relying on its speed rather than venom.
2. Despite its fierce appearance, the fangless creature posed no threat to the unsuspecting prey.
3. In her fantasy novel, the fangless dragon became a symbol of peace and friendship.
4. The children were fascinated by the fangless reptile at the zoo, eager to learn more about its unique adaptations.
5. Even without fangs, the predator was still a formidable hunter, using its agility to catch food.
