

FELTER

Meaning: A felter is a person who processes wool or fleece by matting, condensing, and pressing it to create felt or felted products.

1. The felter carefully examined the wool for any imperfections before beginning the weaving process.
2. As a skilled felter, she transformed raw fleece into beautiful, durable garments.
3. The workshop was filled with the sounds of the felter's tools as she crafted intricate designs.
4. After hours of labor, the felter proudly displayed her latest creation at the local craft fair.
5. Many artisans admire the techniques used by the felter to achieve such vibrant colors in her pieces.
