

# FICTITIOUS

*Meaning: Fictitious: existing only in imagination or as a creation of fiction, not based on real events or entities.*

1. The story was so engaging that many readers struggled to distinguish between the fictitious elements and real historical events.
2. In her latest novel, the author created a fictitious town that resonated with the charm of small-town America.
3. Despite being fictitious, the characters felt so real that I found myself emotionally invested in their journeys.
4. Critics argued that the fictitious nature of the documentary undermined its credibility and impact.
5. He often used fictitious names in his stories to protect the identities of those he wrote about.
