

# FIGURANT

*Meaning: Figurant: a performer in a theatrical or film production who plays a non-speaking or background role, enhancing the scene without drawing attention.*

1. The figurant stood silently in the background, adding depth to the performance without stealing the spotlight.
2. As a figurant in the film, she had to master the art of being visible yet unnoticed.
3. During the rehearsal, the director emphasized the importance of the figurant's role in enhancing the main actors' performances.
4. He enjoyed being a figurant, as it allowed him to experience the excitement of theater without the pressure of a leading role.
5. The figurant's subtle movements contributed to the overall atmosphere of the scene, making it feel more realistic.
