

FLATTERY

Meaning: Flattery is excessive and insincere praise intended to influence or manipulate someone.

1. Flattery can often mask true intentions, making it difficult to discern genuine praise from manipulation.
2. She was wary of compliments, knowing that flattery could easily slip into deceit.
3. His incessant flattery made her question whether he truly admired her or simply wanted something in return.
4. Flattery may boost someone's ego temporarily, but it rarely leads to lasting relationships.
5. While some appreciate flattery, others find it insincere and even off-putting.
