

FLEAKING

Meaning: Fleaking: the process of small pieces or layers breaking off or peeling away from a surface.

1. Fleaking through the cracks in the old barn, the sunlight created a beautiful pattern on the floor.
2. The constant fleaking of paint from the walls made the room look neglected and worn.
3. As the leaves began to change color, the fleaking of their edges hinted at the arrival of autumn.
4. The artist incorporated fleaking textures in her painting to add depth and intrigue.
5. His laughter was infectious, fleaking joy into the otherwise mundane meeting.
