FLOODER

Meaning: FLOODER (noun): a person or thing that causes flooding, particularly in relation to heavy rainfall or overflowing water bodies.

1. The heavy rains turned the river into a flooder, inundating the nearby fields.
2. Residents prepared for the flooder by elevating furniture and sealing windows.
3. After the storm, the flooder left behind a landscape transformed by rushing waters.
4. The government issued warnings as the flooder approached, urging people to evacuate.
5. In the aftermath of the flooder, volunteers helped with cleanup and recovery efforts.
