

FOREWORD

Meaning: A foreword is a preliminary section in a book, typically written by someone other than the author, that introduces the work and may provide context or insights about its creation.

1. The author's foreword provides valuable insights into the inspiration behind the book.
2. In her foreword, she expressed gratitude to those who supported her throughout the writing process.
3. The foreword sets the tone for the rest of the collection, inviting readers to explore its themes.
4. Many readers find the foreword to be a crucial part of understanding the author's intent.
5. He wrote a heartfelt foreword that encapsulated the journey of the project from conception to publication.
