

FREE-LOVE

Meaning: Free-love refers to a social movement advocating for the acceptance of love and sexual relationships free from societal, legal, or religious constraints, emphasizing personal choice and emotional connections over traditional marriage.

1. The free-love movement of the 1960s challenged traditional notions of relationships and marriage.
2. Many artists and writers were influenced by the principles of free-love, celebrating emotional connections over societal norms.
3. Advocates of free-love argued that love should not be bound by legal or financial constraints.
4. In some communities, free-love was seen as a radical approach to personal freedom and sexual liberation.
5. The concept of free-love continues to inspire discussions around individual autonomy and consent in modern relationships.
