

FUSTIAN

Meaning: Fustian refers to language or writing that is pompous, inflated, or pretentious, often lacking in genuine substance or clarity.

1. The author's use of fustian in his novel made the dialogue feel overly pompous and contrived.
2. Despite his talent, the poet's later works fell into fustian, losing the clarity and passion of his earlier pieces.
3. At the dinner party, he entertained the guests with fustian rhetoric that bordered on the absurd.
4. Many critics dismissed her speech as mere fustian, lacking any genuine insight or originality.
5. His fustian style alienated readers who preferred straightforward and relatable prose.
6. The speaker's fustian rhetoric failed to impress the audience, who preferred sincerity over grandiloquence.
7. His novel was criticized for its fustian prose, filled with elaborate descriptions that added little to the story.
8. In the world of fashion, fustian is often seen as outdated, yet some designers are bringing it back with a modern twist.
9. While her arguments were often wrapped in fustian language, the underlying message was surprisingly straightforward.
10. The playwright's use of fustian dialogue made the comedic moments stand out even more against the heavy-handed themes.
