

FUSTIANIST

Meaning: A fustianist is a person who advocates for elaborate, ornate language and rhetoric in writing, often contrasting with those who favor simplicity and brevity.

1. The fustianist argued fervently about the merits of elaborate rhetoric over straightforward prose.
2. In the world of literature, the fustianist often finds themselves at odds with minimalists who prefer concise expression.
3. Her fustianist style captivated audiences, blending ornate language with profound themes.
4. Critics labeled him a fustianist, claiming his work was more about style than substance.
5. The fustianist's latest novel was a dazzling display of language, though it sometimes obscured the plot.
