

# GAYAL

*Meaning: Gayal is a large domesticated bovine species native to Southeast Asia, known for its strength and significance in agriculture and local cultures.*

1. The gayal is known for its impressive size and strength, often found in the forests of Southeast Asia.
2. In some cultures, the gayal is revered as a symbol of prosperity and is integral to local farming traditions.
3. Farmers often rely on the gayal for its ability to pull heavy plows through muddy fields.
4. The gayal's unique appearance, with its broad forehead and large horns, makes it easily recognizable among livestock.
5. Conservation efforts are ongoing to protect the gayal from habitat loss and poaching in its natural environment.
