

GLORIFICATION

Meaning: Glorification is the act of praising or celebrating something in a way that elevates its status, often leading to a distorted perception of its value or impact.

1. The glorification of wealth in popular media often distorts societal values.
2. Many believe that the glorification of violence in films can desensitize viewers to real-life issues.
3. The poet's work is a profound glorification of nature and its beauty.
4. Critics argue that the glorification of historical figures overlooks their moral complexities.
5. The glorification of athletic achievement can sometimes overshadow the importance of education.
