

GNARLED

Meaning: Gnarled: twisted and knotted in appearance, often referring to the rugged and irregular form of branches or roots.

1. The old tree stood in the yard, its gnarled branches reaching out like twisted hands.
2. She admired the gnarled roots of the ancient oak, which seemed to tell stories of the past.
3. His gnarled fingers, worn from years of labor, reflected the hard work he had endured.
4. The artist used gnarled wood to create a striking sculpture that captured the essence of nature.
5. As the storm approached, the gnarled shape of the mountain silhouette became even more dramatic against the sky.
