

GOBLIN

Meaning: A goblin is a mischievous, often malevolent mythical creature typically depicted as small and grotesque, known for its cunning nature and association with treasure or mischief.

1. The goblin scampered away into the shadows, its eyes glinting mischievously.
2. Legends tell of a treasure guarded by a cunning goblin deep within the forest.
3. As the night darkened, the villagers whispered of the goblin that had stolen their crops.
4. With a crooked grin, the goblin offered the traveler a riddle in exchange for safe passage.
5. In many fairy tales, the goblin is portrayed as a trickster who delights in causing chaos.
