

GOSLING

Meaning: A gosling is a young goose, typically characterized by its downy feathers and following its parents.

1. The fluffy gosling followed its mother closely as they waddled to the pond.
2. In early spring, it's common to see a family of goslings exploring the grassy banks of the river.
3. The children's laughter filled the air as they played with the gosling, who was eager to befriend them.
4. After a chilly night, the gosling nestled against its siblings for warmth in the morning sun.
5. A curious gosling peered out from behind a bush, watching the world with wide, innocent eyes.
