

GRAMMARIANISM

Meaning: Grammarianism is a strict adherence to grammatical rules and conventions, often resulting in inflexible language use that may hinder creative expression.

1. Grammarianism can often lead to rigid interpretations of language that stifle creativity.
2. The rise of grammarianism in educational institutions has sparked debates among linguists.
3. Some argue that grammarianism promotes clarity, while others see it as unnecessarily constricting.
4. In her latest book, she critiques the influence of grammarianism on modern writing styles.
5. Grammarianism can sometimes overshadow the fluid and evolving nature of language.
