

GRASS-GROWN

Meaning: Grass-grown refers to an area covered with grass, often indicating neglect or natural overgrowth.

1. The old farmhouse was surrounded by a grass-grown yard that hadn't seen a lawnmower in years.
2. Children loved to play on the grass-grown hill, where wildflowers bloomed in vibrant colors.
3. In the abandoned park, the once carefully manicured paths were now overrun with grass-grown weeds.
4. The grass-grown ruins of the ancient temple provided a picturesque backdrop for the photographer's shoot.
5. After months of neglect, the garden transformed into a grass-grown paradise teeming with life.
