

GRAVELESS

Meaning: Graveless refers to an area, particularly in a cemetery, that lacks graves or grave markers, often creating an empty or desolate appearance.

1. The old cemetery was eerily graveled, with many tombstones standing alone in a graveless expanse.
2. She felt a chill as she wandered through the graveyard, noting the few grave markers amidst the grave-less patches of earth.
3. In a dream, she found herself in a beautiful meadow, where the spirits of the lost roamed free, unbound by any graveless constraints.
4. The historian discovered a grave-less area that hinted at a forgotten battle, where countless lives had been lost but no bodies remained.
5. In the novel, the protagonist encounters a grave-less world where memories linger but the physical remnants of the past are absent.
