

GRAVEOLENCE

Meaning: Graveolence refers to a strong, unpleasant odor, particularly one associated with decay or decomposition.

1. The graveolence of the decaying flowers filled the room with an overwhelming stench.
2. Despite its graveolence, the compost pile attracted a variety of insects and worms.
3. Many found the graveolence of the old cheese in the fridge unbearable, yet some considered it a delicacy.
4. The graveolence in the air hinted at the nearby marshland, rich with organic matter.
5. Even the strongest stomachs couldn't handle the graveolence that emanated from the abandoned freezer.
