

GREED

Meaning: Greed is an intense and selfish desire for more wealth, power, or possessions than one needs or deserves, often leading to negative consequences.

1. Greed can often blind people to the consequences of their actions.
2. The company's relentless pursuit of profit was driven by sheer greed.
3. His greed ultimately led to his downfall, as he pushed away everyone who cared about him.
4. In a world where greed reigns, kindness can sometimes feel like a rarity.
5. She learned that true happiness cannot be bought with the wealth that greed promises.
