

# GRISLINESS

*Meaning: Grisliness refers to the quality of being shockingly gruesome or horrifying, often involving graphic violence or disturbing imagery.*

1. The grisliness of the crime scene left the investigators shaken and uncertain.
2. In the horror film, the grisliness was heightened by elaborate special effects that made the audience cringe.
3. The novel's grisliness was not just for shock value, but served to illustrate the brutal realities of war.
4. As she described the grisliness of the accident, her voice trembled with emotion.
5. The grisliness of the abandoned building, with its peeling paint and shattered windows, added to its eerie atmosphere.
