

GROMET

Meaning: A gromet is a circular ring or eyelet, typically made of rubber or plastic, used to reinforce a hole and protect wires or cables from abrasion.

1. The mechanic replaced the worn gromet to prevent further leaks in the engine.
2. She threaded the wire through the gromet to secure it in place.
3. The designer chose a colorful gromet to add a stylish touch to the handbag.
4. During the assembly, he noticed that the gromet was missing from the package.
5. The gromet's rubber material helps to reduce vibrations and protect the metal parts.
