

GURGLET

Meaning: GURGLET (noun): A soft, bubbling, or gurgling sound made by flowing water, often associated with streams or brooks.

1. The gurglet of the stream provided a soothing background to our afternoon picnic.
2. After the heavy rain, the gurglet of the water flowing down the hillside was a refreshing sound.
3. As the baby laughed, a delightful gurglet escaped her lips, filling the room with joy.
4. The gurglet of the kettle signaled that it was time for tea.
5. In the quiet forest, the gurglet of the brook was the only sound that broke the silence.
