

# HAAR

*Meaning: Haar: a cold sea fog that typically rolls in from the ocean, often causing reduced visibility, especially along coastal areas.*

1. The haar rolled in from the sea, shrouding the coastal town in a thick mist.
2. Many fishermen are familiar with the haar, as it often disrupts their early morning outings.
3. As the haar descended, visibility dropped dramatically, forcing drivers to proceed with caution.
4. The sudden arrival of the haar transformed the landscape into a ghostly silhouette.
5. Locals often joke that the haar is the city's way of reminding them to slow down and enjoy life.
