

HAREBELL

Meaning: Harebell is a noun referring to a delicate flowering plant (Campanula rotundifolia) characterized by its bell-shaped blue flowers, commonly found in meadows and grasslands.

1. The delicate harebell swayed gently in the breeze, adding a touch of beauty to the meadow.
2. As the sun set, the harebell's blue petals glowed softly against the fading light.
3. In folklore, the harebell is often associated with love and fidelity, making it a popular choice in wedding bouquets.
4. During our hike, we spotted a field of harebells blooming among the tall grasses.
5. The gardener was thrilled to see the harebell thrive in her wildflower garden, attracting butterflies and bees.
