

HARMATTAN

Meaning: Harmattan is a dry, dusty wind that blows from the Sahara over West Africa, typically occurring from late November to mid-March, characterized by cooler temperatures and reduced visibility due to dust.

1. The Harmattan wind swept through the village, bringing with it a chill that was unusual for the season.
2. During the Harmattan, the skies often turn a hazy gray as dust particles fill the air.
3. Many people in West Africa prepare for the Harmattan by wearing protective face masks to avoid respiratory issues.
4. The dry, dusty conditions of the Harmattan can be both refreshing and challenging for farmers in the region.
5. As the Harmattan sets in, the landscape transforms, with trees appearing bare and visibility reduced to a thick mist.
