

HAST

Meaning: "Hast" is an archaic second-person singular form of "have," used to indicate possession or experience, often in a questioning or reflective context.

1. Hast thou ever considered the impact of your choices?
2. In the midst of chaos, she hast found a moment of peace.
3. He hast a way of making everyone feel welcome and appreciated.
4. If thou hast any questions, please do not hesitate to ask.
5. The ancient text revealed a wisdom that hast endured through the ages.
