

HEDGEPIG

Meaning: HEDGEPIG (noun): A common term for a hedgehog, a small nocturnal mammal known for its spiny coat and foraging behavior.

1. The hedgepig snuffled through the underbrush, searching for grubs and insects.
2. In the twilight, the hedgepig curled up into a ball, its spines bristling defensively.
3. Children were delighted to spot a hedgepig waddling across the garden path at dusk.
4. Farmers often appreciate the presence of a hedgepig, as it helps control garden pests.
5. As autumn approached, the hedgepig began to forage more vigorously in preparation for hibernation.
